

Medicare Savings Programs

You can get help from your state paying your Medicare premiums. In some cases, Medicare Savings Programs may also pay Medicare Part A (Hospital Insurance and Medicare Part B (Medical Insurance) deductibles, coinsurance, and copayments if you meet certain conditions. These conditions are listed below under "How do I apply for Medicare Savings Programs?"

Other things to know about the QMB Program:

Medicare providers aren't allowed to bill you for services and items Medicare covers, including deductibles, coinsurance, and copayments, except outpatient drugs. Pharmacists may charge you up to a limited amount (no more than \$4.00 in 2022) for prescription drugs covered by Medicare Part D.

- **If you get a bill for Medicare charges:** Tell your provider or the debt collector that you're in the QMB Program and can't be charged for Medicare deductibles, coinsurance, and copayments.
- **If you already made payments on a bill for services and items Medicare covers:** You have the right to a refund.
- **If you have a Medicare Advantage Plan:** Contact the plan to ask them to stop the charges.

In some cases, you may be billed a small copayment through Medicaid, if one applies.

Make sure your provider knows you're in the QMB program

Show both your Medicare card and Medicaid card (or QMB card) each time you get care. If you have Original Medicare, you can also show a copy of your "
